

Public Service Announcement

The Fire Marshal's Public Fire Safety Council and your fire department request that you announce the following important message during your broadcast.

Fire Safety at Home: WHEN FIRE STRIKES: GET OUT! STAY OUT!

Voice Over Length: 30 seconds

Most fatal fires occur where people feel safest – in their homes, usually during the night when everyone is sleeping.

In a fire, every second can mean the difference between life and death. Develop and practise a home escape plan with your entire family so everyone knows what to do. Install smoke alarms on every level of your home, including outside all sleeping areas, and test them regularly.

If fire strikes, get out right away and call the fire department from a neighbour's telephone. Never go back inside to retrieve possessions. Get out and stay out!

A message from the Fire Marshal's Public Fire Safety Council and this station.

Voice Over Length: 10 seconds

Every year there are thousands of home fires in Ontario. With a little preparation and some practice you can protect your family from fire.

Develop and practise a home escape plan and install smoke alarms on every level of your home. When fire strikes: Get out and stay out!

A message from the Fire Marshal's Public Fire Safety Council and this station.
