

Dear Parent or Caregiver

Our class is learning about injury prevention through a new campaign called “Keeping Our Kids Safe”. This campaign involves a partnership between the Ontario Fire Service and Ontario’s teachers. As a parent/caregiver, you know that constant reinforcement of safety messages is necessary if we are going to keep our children safe.

Lessons target safety behaviours related to the following:

- Fire Safety
- Bicycle Safety
- Electrical Safety
- Amusement Park Safety
- Holiday Safety
- Working Smoke and Carbon Monoxide Alarms

By teaching children to recognize and avoid things that put them at risk, we can help them live fuller and more productive lives. As your child’s caregiver, you can support our efforts by setting a good example at home.

Background information about each of the above risk areas is provided for you on the website [www.firesafetycouncil.com](http://www.firesafetycouncil.com). Click on Teachers’ Corner and then on Parents’ Corner.

.

Please join us in making “Keeping Our Kids Safety” a success.

Sincerely
